

SPEED CROQUET **BURLINGANGNAM STYLE**

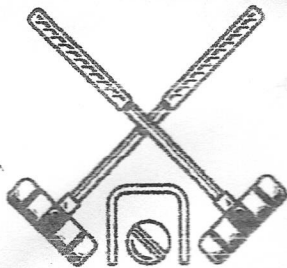

Speed Croquet is a race between two teams. The object of the game is to be the first team to run hoops 1-5 in order, then hit the peg.

Each two person team plays only **one ball** (one of the 4 colors) and **team members alternate taking shots**. The game starts with a countdown that enables both teams to start at the same time. At the signal, a member of each team simultaneously hits its ball to hoop 1. His or her teammate then hits the second shot, but only when the first shot has come to a complete stop.

CLEARING IS ALLOWED!

EXPECT CHAOS! NO RUNNING TO YOUR BALL.

Teammates alternate shots running hoops 1-5 in order, then hitting the peg. The teams **MUST** make each subsequent hoop before proceeding to the next wicket.

The first team to hit the peg wins!

If a ball is struck before it comes to a complete stop,
THAT TEAM LOSES IMMEDIATELY.

Often, both teams are shooting for the hoop or peg at the same time which can result in some craziness as players jockey for position.

There is **NO** redirecting. All teams must be patient when double banking.

There is **NO** off side.
